## \*\*\*COACHES INFORMATION\*\*\*

Sink Photographic Designs will be on-site photographing team pictures as well as action pictures during the 2009 IFA World Series. We are offering each team the opportunity to pre-order a customized team picture with a memorable 2009 IFA World Series template for the price of \$20 each (price reduced to \$15ea if 10 or more of the same team are purchased). The 8x12 team pictures will be printed off-site and mailed to each team within four weeks of the event.

All team pictures will be photographed at the opening ceremonies during the Parade of Teams. In order for us to ensure that all teams involved receive the best quality service in the most efficient way possible, we ask that you please assist us with the following:

- Please inform your team that their team picture will be photographed during the opening ceremonies. **Please have your team line up from shortest to tallest for the parade.**
- Please encourage your team to be very cooperative as we will have a short time in which to photograph each team.
- Please give your team parent (or the person you wish to handle the team picture order) the "Team Picture Order Form" and help them see that all parents are informed about the team pictures.
- **All team pictures must be ordered on opening day.** This is to ensure that each team's template can be designed and order processed for delivery by the above stated time. We appreciate your understanding in this matter.
- To process your team's order, have the person collecting the order bring the order form along with payment to the "Action Images" tent any time from 1 hour prior to, during or 30 minutes following the opening ceremonies.
- **Even if your team is not purchasing the team pictures, they will still be photographed during the opening ceremonies as a copy of each participating team will be given to IFA for promotional purposes.**

## ACTION PHOTOS:

Your team will also have the opportunity during the event to purchase individual action photographs. Please let your parents know that if they are interested in having action images to view of their child, they should notify the photographer at the beginning of the game their child's team name and jersey number. Requesting that their child be photographed does not obligate them to purchase pictures but ensures that they will have images to view of their child. Images may be viewed and purchased at the "Action Images" display tent. **Images WILL NOT be available on the web, so be sure your parents know to view and purchase pictures during the event.** The following action photos will be available:

Printed on-site for immediate delivery:

Photographs	8x10	\$20
	5x7	\$15
	4x6	\$10
CD's (Printing Rights Released)	3 Image	\$35
